

1530 WILSON BOULEVARD

Arlington, Virginia

Client: Lincoln Property Company

Lincoln Property Company retained BC as civil engineers for the development of a 178,000 square foot office building and a 8,000 square foot residential building in Rosslyn. BC helped to coordinate local activities for the out-of-town architect during the Site Plan Approval and the Final Engineering Plan phases of development. BC created a unique three dimensional subdivision to accommodate the Argus House, Arlington County's new juvenile facility, above the underground parking structure.
